@politico picks up on the Biden blame game: "We don't mean to make light

Post

House."

I guess it is not PC to call GOP voters who do not get the vaccination "stupid" I bet Alice is vaccinated. I know everyone at Fox is vaccinated, and yet they mislead the public. Why is that? Alice says you should not blame them, is that true?

Mainly it's down to having a functional survival instinct so that we only introduce things into our bodies when we know 1) what they are; 2) where they have been. You presumably prefer to roll the dice in this regard, eh?

Er, hello....is there anybody there...?
